- Paintwork friendly

### Innovative Design

**Citrus** is a high quality industrial adhesive cleaner that will remove unwanted adhesive within seconds. Citrus is used widely in the automotive industry on bodywork, metals, plastics and many other surfaces. Please test surface prior to using, any questions please contact us first. **Citrus** is also the perfect cleaner for all your tools and equipment.

### Application

- All materials should be tested prior to using in production or clean up.
- Spray approximately 15-25cm from the surface.
- Allow cleaner to remain on surface for a few seconds
- Then using a clean cloth, wipe off unwanted adhesive or dirt
- Wipe thoroughly to obtain a residue free clean surface
- For Heavier soiled areas, please allow the cleaner to sit for longer before wiping clean
- Available in 500ml aerosol for ease or in canister form
- DO NOT use near surfaces which are being adhered, only use after bonding is complete
- DO NOT thin or reactivate with any other solvents
- DO NOT expose to extreme heat
- KEEP AWAY from sources of ignition
- TEST suitability before use
- USE in a well ventilated area
