High Performance Packaging Tape

<u>Code</u>	<u>Widths (mm)</u>	<u>Length (m)</u>	<u>Qtys</u>
A3B48132 - Buff	38, 48, 50, 75	66, 100, 132	36 rolls per box
A3C48132 - Clear	38, 48, 50, 75	66, 100, 132	36 rolls per box

A quality polypropylene packaging tape with an environmentally friendly water based adhesive. Fitting most hand held tape dispensers and with a silent unwind. Bonding extremely well to all cartons regardless of the recycled content of the test liner, this tape will keep the carton securely sealed for an indefinite period.

Suitable for use in chilled and frozen storage conditions.

Support thickness - 28mu (+3%)
 Total thickness - 52mu (+6%)
 Adhesion to Steel Plate - 250gr/cm (+10%)
 Tensile Strength - 4.5 Kg/cm (+10%)
 Elongation - 150% (+10%)

The above information is provided for guidance only. Please allow a tolerance of +2%
 The values stated are based on averages and should not be taken as maximum or minimum values for specific purposes.
 We recommend preliminary testing to ensure this product is suitable for your intended application.

Store in temperatures between 18 and 30°C
 Do not expose to direct heat or humidity
 Condition to room temperature before use
